The following is an **examiner's statement of reasons for allowance**:

The prior art does not teach applicants' specific method nor the specific ranges of amounts of components critical to form a coating used for coating a building board.

The examiner interpreted the term "thin" to mean a thickness of 0.1 to 10 mm thick as was defined in applicants' specification (see applicants' claim 20).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Inquiries may be made to Paul Marcantoni at 571-272-1373.
